

County of Bruce
Planning & Development Department
Form Three
Zoning By-law Amendment

INFORMATION TO APPLICANTS

General

You are encouraged to discuss your application with the planner for your municipality, and with the appropriate officials of the local municipality. You may also contact your local Planner by way of the County of Bruce website (www.brucecounty.on.ca) 'Living Here', 'Housing and Property', 'Land Use Planning', then select your municipality. At this point, you will be provided with contact information for the planning hub and staff. Staff can provide you with information about your application. In order to avoid delay, you should gather information about your property, and you are encouraged to examine the provisions of official plans and zoning bylaws in force and effect.

Complete Application Required

The Planning Act requires that **complete applications** be filed before the applications for amendment to a Zoning By-Law can be considered. The requirements for a complete application are defined in the Planning Act, its regulations, in the Bruce County Official Plan and in local municipal official plans. An application may be refused because it is incomplete.

In order to ensure that your application is complete, please complete the **Planning and Development Department - Form One - Property and Applicant Information**. If you are submitting applications for several applications on the same property, you need only submit one completed copy of the Property and Applicant Information Form.

Additional information is required. You should submit this information in the form of an accompanying letter or report. You may need to obtain the assistance of a qualified professional to assist you in completing the application.

Information Required For Applications for Amendments to the Zoning By-law

Schedule 1 to Ontario Regulation 545/06, as amended lists the information that is to be provided with a complete application for an amendment to a zoning bylaw. These requirements are summarized below, and together with the completed Form One, will fulfill the requirements for your application. For major or complicated applications, you should consult the Ontario Regulations and the Official Plans that apply directly.

Additional Requirements of Ontario Regulation 545/06 include:

1. The nature and extent of the rezoning requested, and the reasons for the request whether the requested amendment changes or replaces a designation in the Official Plan.
2. The land uses that the application requests and that currently exists

3. If the requested amendment would permit a development on privately owned and operated individual or communal septic systems and more than 4500 litres of effluent would be produced per day, you are required to provide:
 - a. A servicing options report, and
 - b. A hydrogeological report.
4. Whether the land has been the subject of an application for approval of a plan of subdivision, consent, a previous rezoning, or is subject to a Minister's zoning order.
5. If the requested amendment alters any or all part of a settlement area or establishes a new settlement area, or removed land from an area of employment, the current official plan policies applying to this.
6. Whether the requested amendment is consistent with the Provincial Policy Statement,
7. Whether the subject land is within an area of land designated under any provincial plan or plans (such as the Niagara Escarpment Plan), whether the requested amendment conforms to or does not conflict with those plan or plans.

The Bruce County Official Plan has application requirements that may also apply. These include:

1. Where development may affect an Area of Natural or Scientific Interest (ANSI), a Provincially, Regionally or Locally Significant Wetland, or areas of habitat of Threatened or Endangered Species, the preparation of an Environmental Impact Study may be required, in accordance with Section 4.3 of the County Plan.
2. Where major new development or redevelopment is proposed on other than municipal sewer and water services, a Settlement Capacity Study is required (Section 4.7.5.2, 4.7.6)
3. Where a local or the County Plan permits development on private individual or communal services, a lot servicing plan may be required, and a hydrogeologic report demonstrating the suitability of and impact of the development on groundwater, and a conceptual storm water management plan, (Section 4.7.5.3), and a storm water management study may be required. (Section 5.3.5.1 (iii),
4. In the Shoreline Development Area, as designated in the County Plan, you may also be required to prepare a storm water management plan, a fisheries management study, and other studies as outlined in Section 5.3.5.1 of the County Plan.

The Local Municipal Official Plan may have other requirements for applications as well. Please consult with the area planner for more information.

You are asked to deal with these questions in the form of a planning rationale report, prepared by a qualified professional.

Two paper copies and one electronic copy in Word or PDF format, of the reports that accompany the Development Application Report are required. **Any maps or schedules must be accurate, and scalable. The location of all existing and proposed buildings and structures, and the location of all natural and artificial features must be shown. (Please see the attached checklist).**

One copy of all material accompanying the application must be provided. If possible, electronic copies of the material in Word or PDF format, including all maps and schedules, sent via electronic file transfer, or submitted on USB, CD or other electronic format useable by the County.

The Process

When a complete application is received, a request for comments is sent to several government agencies, the municipality or the County will give notice of an application to surrounding property owners, a public meeting will be scheduled, notice of decision is given, and individuals who have written to the municipality, or attended the public meeting may appeal the decision to the Local Planning Appeal Tribunal (LPAT).

Your local planner can provide more specific detail of this process for you.

Information submitted will be made available for examination to any person who requests it. Once you have been notified of the Application File Number, information about the application will be put on the Department's website.

An application that is incomplete may be refused for that reason.

Contact Information

The County Planning and Development Department handles the administrative requirements of applications for the local municipalities and the County.

The Department currently has three offices.

The **Peninsula Hub Office** serves the following local municipalities:

Municipality of Arran-Elderslie (former Arran, Elderslie, Tara, Paisley and Chesley);

Municipality of Northern Bruce Peninsula (former Eastnor, Lindsay, St. Edmunds and Lion's Head); and

Town of South Bruce Peninsula (former Albemarle, Amabel, Hepworth and Wiarton)

Bruce County Planning & Development Department

268 Berford Street,

Box 129,

WIARTON, Ontario N0H 2T0

Phone: (519) 534-2092 Fax: (519) 534-1174

E-Mail: bcplwi@brucecounty.on.ca

The **Inland Hub Office** serves the following local municipalities:

Municipality of Brockton (former Brant, Greenock and Walkerton)

Township of Huron-Kinloss (former Huron, Kinloss, Lucknow and Ripley); and

Municipality of South Bruce (former Mildmay, Teeswater, Carrick, and Culross);

Bruce County Planning and Development Department

30 Park Street,

P. O. Box 848,

WALKERTON, Ontario, N0G 2V0

Phone: (519) 881-1782 Fax: (519) 507-3030

E-Mail: bcplwa@brucecounty.on.ca

The **Lakeshore Hub Office** serves the following municipalities:

Municipality of Kincardine (former Kincardine Township, Bruce, Tiverton and Kincardine);

Town of Saugeen Shores (former Saugeen, Port Elgin and Southampton).

PORT ELGIN, ON N0H 2C6

Phone: (226) 909-1601 Fax: (519) 832-9000

E-Mail: bcplpe@brucecounty.on.ca

Site Plan (Sketch) Requirements

Applications require a sketch showing the following:

- the boundaries and dimensions of the subject land;
- the location, size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, rear lot line and side lot lines;
- the approximate location of all natural and artificial features (for example, buildings, railways, roads, watercourses, drainage ditches, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks) that,
 - are located on the subject land and on land that is adjacent to it, and
 - in the applicant's opinion, may affect the application;
- the current uses of land that is adjacent to the subject land (for example, residential, agricultural, or commercial);
- the location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
- if access to the subject land will be by water only, the location of the parking and docking facilities to be used; and
- the location and nature of any easement affecting the subject land.

Site Plans for Consent (Severance) Applications also Require:

- the boundaries and dimensions of any land abutting (bordering) the subject land that is owned by the owner of the subject land;
- the approximate distance between the subject land and the nearest township lot line or landmark such as a bridge or railway crossing;
- the boundaries and dimensions of the subject land, the part that is intended to be severed and the part that is intended to be retained;
- the location of all land previously severed from the parcel originally acquired by the current owner of the subject land.

The sketch needs to:

- be legible,
- be generally to scale,
- indicate what direction is north,
- show dimensions in metric units, and
- fit on a single page

The sketch may:

- be done by hand or on a computer, and
- include a table outlining building setback and size dimensions.
